Universidad Torcuato Di Tella is a research university whose mission is to contribute to the advancement of knowledge, the pursuit of intellectual, scientific, and artistic excellence within a framework of freedom of expression, pluralism, and diversity of approaches.

The Research Newsletter reflects the research activity of our Faculty. It includes publications, awards, research grants and fellowships received, as well as participation in national and international seminars and conferences.

To disseminate the research conducted by our regular academic staff to an international audience, the Newsletter is published biannually in both Spanish and English.

This newsletter is a joint effort of the Academic Secretariat of the University and the Research Support area of the Library. Each publication reflected in this newsletter contributes to updating our [Digital Repository](#) and to the acquisition of [new books by Universidad Torcuato Di Tella authors](#) published each semester.
